3. Choose Media > add a Title > write a Description
4. Click ✓Post

Class | Portfolio

You can copy a Post from your Class

You can copy a Post from your Class into your Portfolio (as long as you are the author of the Post!)

1. From your Dashboard, choose the Classes tab
2. Find your Post. Click the three dots on the Post > Copy Post > Choose Portfolio
3. Select a Portfolio and Choose a Section > ✓Post

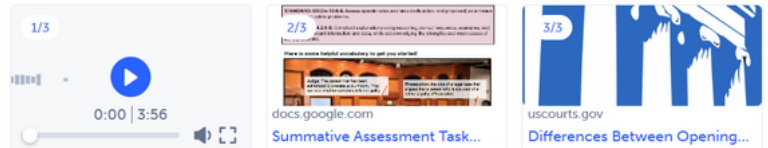

Thinking

Scottie Barnes

Creative Thinking: Generating and Incubating

Today in ELA we brainstormed different endings to the book Holes. We had to write down as many ideas as possible in ten minutes. Some were very funny! This is Creati

Personal and Social: Caring for the environment

We planted trees today for a class field trip.

1. We need to plant trees because plants clean the air. There is a lot of pollution but
